Box DAC

Dear Sir:

I, K. Lance Anderson, having personal knowledge of the facts set forth herein,
hereby declare that:

1. I am employed as a licensing administrator at the Texas Tech University,
Office of Technology Transfer & Intellectual Property, Box 42007, Lubbock, Texas,
79409-2007 (hereinafter "TTU").

2. In July 2001, I performed a series of online searches for Kirk Watson,
including Yahoo and Lycos and contacted individuals in both Colorado (last known
parents' address: 1445 Front Nine Dr., Ft. Collins, CO 90525) and Texas. All results
were contacted by telephone and narrowed down nine (9) results in Texas, eight being
contacted and/or determined to not be the correct Kirk Watson and one final result that
could not be contacted via telephone. The final list of Texas search results is included
(Exhibit 1). I called the final contact on several occasions, during both business and
evening hours and there was no answer or answering service/machine.

3. In August, 2001, I sent a letter certified mail, return receipt requested to a Kirk Watson at the following address: 287 Lake Placid Dr, Seguin TX 78155-6621. This address was the one address that could not be reached via telephone. The receipt was returned, having been signed for by an Elizabeth Watson (Exhibit 2). The letter gave all contact information as well as the details giving the reason for our efforts. No one has contacted this office.

4. In August 2001, I located an email address at the University of Texas at Austin for Kirk Watson, in the Computer Science as well as a replacement email address for a graphics company, Origin Systems, Inc., in Austin, Texas. I contacted the company but no Kirk Watson was employed at Origin Systems, Inc.

5. Every known internal resource for tracking Texas Tech University alumni has been contacted for contact information for Mr. Watson. Resources include The Texas Tech Ex-Students Association, The Department of Computer Science, The Office of Admissions, and the Personnel Department. No current information was available.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
